Pre-Occupational Therapy Program

PrOT

The online, three-day program will provide participants interested in an occupational therapy career a chance to actively explore the profession through engaging and interactive learning. Students will learn about the diverse scope of occupational therapy: what occupational therapists do, where they work, and populations they serve. Additionally, participants will learn about innovative and emerging occupational therapy practice areas that support health and well-being.

Participants will be able to reflectively consider a variety of occupational therapy career paths, educational options, and what is needed for a competitive application. Students will also learn tools to support their own wellness through daily life activity.

2020 Dates

- Session #1 . . . . . . . June 24-26
- Session #2 . . . . . . . July 27-29

Who Should Apply

The program is designed for motivated undergraduate students or high school seniors interested in applying to occupational therapy programs in the future. Eligible applicants include:

- Undergraduate college students (enrolled in community college or four-year institutions)
- Students who have completed their undergraduate degree
- High school seniors
Cost: Free of charge. Participants are responsible for having a personal computer with broadband Internet access.
