

Careers Beyond the Bench: Biotech Industry Summer Program

CBB

The pharmaceutical and other biomedical industries require an understanding of both business and science to bring lifesaving technologies to market. The online CBB program provides skills and professional development opportunities for undergraduates interested in careers in biotechnology, pharmaceuticals, medical devices, or other biomedical product industries.

During this challenging and fun online summer program, participants will learn about business skills and career opportunities in the biomedical sector, providing an edge for careers beyond the bench in these science-based industries.

2021 Dates (Online)

- **Session #1 (general):** June 14-July 2
- **Session #2 (clinical regulatory focused):** July 5-16

Program Activities

- Gain expertise in bioscience business commercializing medical technologies
- Learn about careers in the bioscience industries during workshops and talks with scientists and managers in industry
